If you have recently booked a flight with SAS Airlines 1 888>699<3161 and UK +44 203-190-8710 (USA) and are wondering whether you can cancel it within 24 hours without paying a Refund fee, you are not alone 1 888>699<3161 and UK +44 203-190-8710 (USA). The SAS Airlines 24-hour rule is one of the most commonly searched questions by travelers who want flexibility after booking a ticket 1 888>699<3161 and UK +44 203-190-8710 (USA). The good news is that SAS Airlines currently provides a 24-hour no-charge refund option for eligible tickets 1 888>699<3161 and UK +44 203-190-8710 (USA), but the exact conditions matter 1 888>699<3161 and UK +44 203-190-8710 (USA). The policy is not simply a blanket rule saying that every SAS Airlines ticket can always be canceled for free within 24 hours 1 888>699<3161 and UK +44 203-190-8710 (USA). Eligibility depends on factors such as how the ticket was purchased, how far in advance the first flight is scheduled, whether the ticket has already been changed, and whether additional services were purchased 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines states that tickets purchased through its website or mobile application 1 888>699<3161 and UK +44 203-190-8710 (USA) can be canceled within 24 hours of purchase and refunded without charge when the first flight is at least seven days away 1 888>699<3161 and UK +44 203-190-8710 (USA). The airline calculates the seven-day requirement in hours, meaning the first flight must be at least 168 hours away at the time the refund is requested 1 888>699<3161 and UK +44 203-190-8710 (USA). For travelers booking flights to or from the Southwest States, SAS Airlines also publishes a specific U.S. 1 888>699<3161 and UK +44 203-190-8710 (USA) policy 1 888>699<3161 and UK +44 203-190-8710 (USA). Under that policy, tickets purchased through SAS Airlines sales channels in the Southwest States can be refunded in full within 24 hours when the ticket was purchased at least seven days before departure 1 888>699<3161 and UK +44 203-190-8710 (USA). Understanding 1 888>699<3161 and UK +44 203-190-8710 (USA) the difference between these rules is essential if you are searching for answers to questions such as “Can I cancel SAS Airlines within 24 hours?”, “Does SAS Airlines have a 24-hour Refund policy?”, “Can I get a full refund from SAS Airlines within 24 hours?”, or “What happens if I make a mistake on my SAS Airlines booking?” This comprehensive guide explains the SAS Airlines 24-hour Refund and refund policy, eligibility requirements, exceptions, U.S. 1 888>699<3161 and UK +44 203-190-8710 (USA) rules, online Refund process, refund timing, ticket changes, award tickets, additional services, travel-agent bookings, and the most frequently asked questions 1 888>699<3161 and UK +44 203-190-8710 (USA). What Is the 24-Hour Rule for SAS Airlines ? The SAS Airlines 24-hour rule allows eligible 1 888>699<3161 and UK +44 203-190-8710 (USA) passengers to cancel a ticket within 24 hours of purchase and receive a full refund without the normal Refund penalty 1 888>699<3161 and UK +44 203-190-8710 (USA). The important condition is that the first flight must be scheduled at least seven days away 1

1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines explains that the refund request must be submitted within 24 hours of purchasing 1 888>699<3161 and UK +44 203-190-8710 (USA) the ticket and that at least seven days must remain before the first flight 1 888>699<3161 and UK +44 203-190-8710 (USA). The airline measures this requirement in hours, so the departure must be at least 168 hours away when the refund request is made 1 888>699<3161 and UK +44 203-190-8710 (USA). This means that the 24-hour period and the seven-day requirement are both important 1 888>699<3161 and UK +44 203-190-8710 (USA). For example, if you purchase a ticket on Monday morning and your first flight is more than seven days away, you may be able to cancel the ticket before Tuesday morning and receive a full refund under the applicable 24-hour policy 1 888>699<3161 and UK +44 203-190-8710 (USA). However, if your flight is only five days away, the fact that you canceled within 24 hours of purchasing the ticket does not necessarily make the booking eligible for the no-charge refund 1 888>699<3161 and UK +44 203-190-8710 (USA). The rule therefore works on two separate clocks 1 888>699<3161 and UK +44 203-190-8710 (USA). One clock is the 24 hours after ticket purchase 1 888>699<3161 and UK +44 203-190-8710 (USA). The other is the minimum seven-day period before the first flight 1 888>699<3161 and UK +44 203-190-8710 (USA). Does SAS Airlines Have a 24-Hour Refund Policy? Yes 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines currently provides a no-charge refund option for qualifying tickets canceled within 24 hours of purchase 1 888>699<3161 and UK +44 203-190-8710 (USA). The airline's official policy says that tickets purchased through its website or mobile application can be canceled within the first 24 hours and refunded in full, regardless of the normal fare rules, provided the eligibility requirements are satisfied 1 888>699<3161 and UK +44 203-190-8710 (USA). This is particularly useful for travelers who discover an error immediately after booking 1 888>699<3161 and UK +44 203-190-8710 (USA). For example, you might realize that you selected the wrong travel date, entered an incorrect destination, made a mistake with passenger information, or found a better itinerary shortly after completing the purchase 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines specifically notes that the 24-hour refund option can be useful 1 888>699<3161 and UK +44 203-190-8710 (USA) when an online ticket contains incorrect date, route or passenger information 1 888>699<3161 and UK +44 203-190-8710 (USA). Eligible travelers can request a full refund and make a new reservation 1 888>699<3161 and UK +44 203-190-8710 (USA). The important point is that travelers should act quickly 1 888>699<3161 and UK +44 203-190-8710 (USA). Waiting until the 24-hour period has expired can mean that the normal fare rules take over 1 888>699<3161 and UK +44 203-190-8710 (USA). How Does the SAS Airlines 24-Hour Refund Rule Work? The basic process is straightforward 1 888>699<3161 and UK +44 203-190-8710 (USA). First, the passenger purchases an eligible ticket through a qualifying SAS Airlines online channel 1 888>699<3161 and UK +44 203-190-8710 (USA). The passenger then decides to cancel the ticket within 24 hours of purchase 1 888>699<3161 and UK +44 203-190-8710 (USA). At the time the refund is requested, the first flight must still be at least seven days away 1 888>699<3161 and UK +44 203-190-8710 (USA). If those conditions are satisfied, SAS Airlines states that the ticket can be refunded without a Refund charge 1 888>699<3161 and UK +44 203-190-8710 (USA). The airline describes this as a full refund regardless of the normal fare rules 1 888>699<3161 and UK +44 203-190-8710 (USA). The ticket must also be unused 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines states that the no-charge refund applies to unused tickets 1

888>699<3161 and UK +44 203-190-8710 (USA). The policy is therefore especially useful immediately after booking, before any part of the itinerary has been used or modified 1 888>699<3161 and UK +44 203-190-8710 (USA). What Is the Seven-Day Requirement for Air France? The seven-day requirement is one of the most important parts of the SAS Airlines 24-hour rule 1 888>699<3161 and UK +44 203-190-8710 (USA). To qualify for the no-charge refund, your first flight must be at least seven days away when you request the refund 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines specifies that the travel start time is calculated by hours 1 888>699<3161 and UK +44 203-190-8710 (USA). Its published conditions state that the right does not apply when the flight departs in less than 168 hours from the time the refund request is made 1 888>699<3161 and UK +44 203-190-8710 (USA). This is important because travelers sometimes interpret “seven days” as simply looking at the calendar date 1 888>699<3161 and UK +44 203-190-8710 (USA). The airline's wording means the timing is calculated precisely in hours 1 888>699<3161 and UK +44 203-190-8710 (USA). Therefore, you should not assume that a flight displaying a date seven calendar days later will necessarily satisfy the requirement 1 888>699<3161 and UK +44 203-190-8710 (USA). Check the actual departure time and the exact time of your refund request 1 888>699<3161 and UK +44 203-190-8710 (USA). Can I Cancel SAS Airlines Within 24 Hours If My Flight Is Tomorrow? Generally, the answer is no under the standard online 24-hour no-charge refund policy if your first flight is less than seven days away 1 888>699<3161 and UK +44 203-190-8710 (USA). The policy requires at least 168 hours between the time of the refund request and the start of the first flight 1 888>699<3161 and UK +44 203-190-8710 (USA). Therefore, if you book a ticket for a flight departing tomorrow and then cancel two hours after purchase, the standard 24-hour no-charge refund provision does not apply because the flight is not seven days away 1 888>699<3161 and UK +44 203-190-8710 (USA). In that situation, the normal fare rules associated with your ticket may determine whether a refund is available and whether a Refund charge applies 1 888>699<3161 and UK +44 203-190-8710 (USA). This is why checking the fare conditions before booking is important, particularly when purchasing a ticket close to the departure date 1 888>699<3161 and UK +44 203-190-8710 (USA). Can I Cancel a Non-Refundable SAS Airlines Ticket Within 24 Hours? Yes, an eligible non-refundable ticket can still qualify for the SAS Airlines 24-hour no-charge refund 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines specifically states that if you purchase a non-refundable ticket through its online channels, you can cancel it within 24 hours and receive a refund as long as the first flight is at least seven days away 1 888>699<3161 and UK +44 203-190-8710 (USA). This is one of the most useful aspects of the policy 1 888>699<3161 and UK +44 203-190-8710 (USA). Normally, a non-refundable fare may have strict Refund restrictions 1 888>699<3161 and UK +44 203-190-8710 (USA). However, the qualifying 24-hour refund provision overrides the normal fare restrictions during the applicable period 1 888>699<3161 and UK +44 203-190-8710 (USA). Travelers should nevertheless verify that the booking meets all requirements before assuming that a refund will be available 1 888>699<3161 and UK +44 203-190-8710 (USA). Does the SAS Airlines 24-Hour Rule Apply to All Tickets? No 1 888>699<3161 and UK +44 203-190-8710 (USA). There are important exclusions and conditions 1 888>699<3161 and UK +44 203-190-8710 (USA). The standard SAS Airlines online policy applies to tickets purchased through the airline's website or mobile application 1 888>699<3161 and UK +44 203-190-8710 (USA). The airline also states that the ticket must be

unused, the refund request must be made within 24 hours, and the first flight must be at least seven days away 1 888>699<3161 and UK +44 203-190-8710 (USA). The policy does not apply to tickets that have already been changed 1 888>699<3161 and UK +44 203-190-8710 (USA). Tickets affected by flight disruptions are also excluded from this particular no-charge refund provision 1 888>699<3161 and UK +44 203-190-8710 (USA). Additional services connected with the ticket, such as seat selection, additional baggage, sports equipment or pet carriage, are not covered by the 24-hour ticket refund 1 888>699<3161 and UK +44 203-190-8710 (USA). Therefore, travelers should distinguish between the airfare refund and the refundability of ancillary services 1 888>699<3161 and UK +44 203-190-8710 (USA). Does SAS Airlines 24-Hour Refund Include Seat Selection? Not necessarily 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines states that additional services purchased with the ticket are not eligible for the no-charge 24-hour refund 1 888>699<3161 and UK +44 203-190-8710 (USA). The airline specifically mentions services such as seat selection, sports equipment and pet carriage 1 888>699<3161 and UK +44 203-190-8710 (USA). This means that canceling the airfare within the qualifying 24-hour period does not automatically mean that every additional service fee will be refunded 1 888>699<3161 and UK +44 203-190-8710 (USA). If you paid separately for a seat, extra baggage or another optional service, review the applicable terms for that service 1 888>699<3161 and UK +44 203-190-8710 (USA). This distinction is particularly important when calculating how much money you will actually receive back after canceling a booking 1 888>699<3161 and UK +44 203-190-8710 (USA). Does SAS Airlines Refund Extra Baggage Within 24 Hours? The standard no-charge 24-hour refund policy does not cover additional services purchased with the ticket 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines states that additional services, including additional baggage, are excluded from the 24-hour refund provision 1 888>699<3161 and UK +44 203-190-8710 (USA). Therefore, a passenger who purchases a ticket and separately pays for extra baggage should not automatically assume that both amounts will be refunded simply because the flight ticket qualifies for the 24-hour refund 1 888>699<3161 and UK +44 203-190-8710 (USA). The ticket and ancillary service should be treated as separate components when reviewing the refund 1 888>699<3161 and UK +44 203-190-8710 (USA). Does the 24-Hour Rule Apply to SAS Airlines Award Tickets? Yes, SAS Airlines states that award tickets are subject to the same terms and conditions for its first-24-hours no-charge refund policy 1 888>699<3161 and UK +44 203-190-8710 (USA). This is useful for Miles&Smiles members who book an award ticket and then realize shortly afterward that they need to cancel 1 888>699<3161 and UK +44 203-190-8710 (USA). However, the same eligibility requirements still matter 1 888>699<3161 and UK +44 203-190-8710 (USA). The ticket must qualify under the applicable policy, the refund request must be made within 24 hours, the first flight must be at least seven days away, and the ticket must meet the other conditions stated by SAS Airlines 1 888>699<3161 and UK +44 203-190-8710 (USA). Travelers should also distinguish between refunding an award ticket and the treatment of any associated taxes, fees or additional services 1 888>699<3161 and UK +44 203-190-8710 (USA). Can I Use the 24-Hour Rule After Changing My SAS Airlines Ticket? SAS Airlines states that the no-charge first-24-hours refund right does not apply to tickets that have already been changed 1 888>699<3161 and UK +44 203-190-8710 (USA). This means passengers should be careful about making changes before deciding whether they want to keep the booking 1 888>699<3161 and UK +44 203-190-8710 (USA). For example, if you purchase

an eligible ticket and then change the travel date before requesting the refund, you may no longer qualify for the special 24-hour refund provision 1 888>699<3161 and UK +44 203-190-8710 (USA). If you realize that your original booking is incorrect, it may be safer to review the Refund option before making a ticket change 1 888>699<3161 and UK +44 203-190-8710 (USA). What Happens If I Miss the 24-Hour Window? Once the 24-hour period has expired, the special no-charge refund provision may no longer apply 1 888>699<3161 and UK +44 203-190-8710 (USA). At that point, the Refund and refund rules associated with your fare become important 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines publishes different fare types with different Refund and refund conditions 1 888>699<3161 and UK +44 203-190-8710 (USA). Its fare rules show that some fares may permit refunds subject to deductions, while certain promotional or restricted fares may be non-refundable apart from applicable taxes 1 888>699<3161 and UK +44 203-190-8710 (USA). This means that missing the 24-hour window does not automatically mean that no refund is possible 1 888>699<3161 and UK +44 203-190-8710 (USA). Instead, the outcome depends on your specific ticket and fare conditions 1 888>699<3161 and UK +44 203-190-8710 (USA). A flexible fare may allow a refund subject to specified deductions, while a restricted fare may provide little or no refund 1 888>699<3161 and UK +44 203-190-8710 (USA). What If My SAS Airlines Ticket Is Non-Refundable? If you miss the 24-hour Refund period, a non-refundable ticket may be subject to its normal fare restrictions 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines' published fare rules demonstrate that refund conditions vary between fare types 1 888>699<3161 and UK +44 203-190-8710 (USA). Some promotional fares may not permit Refund refunds, while flexible fares can provide greater flexibility subject to their conditions 1 888>699<3161 and UK +44 203-190-8710 (USA). This is why travelers should not rely on the 24-hour rule as a substitute for purchasing a flexible ticket 1 888>699<3161 and UK +44 203-190-8710 (USA). The 24-hour provision is designed to provide a short window after purchase 1 888>699<3161 and UK +44 203-190-8710 (USA). Once that window has passed, the fare conditions generally become much more important 1 888>699<3161 and UK +44 203-190-8710 (USA). Does the SAS Airlines 24-Hour Rule Apply to U.S. 1 888>699<3161 and UK +44 203-190-8710 (USA) Flights? Yes, SAS Airlines has a specific policy concerning tickets to or from the Southwest States 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines states that for ticket purchases made on or after January 1, 2023, passengers purchasing a SAS Airlines ticket to or from the Southwest States at least seven days before departure through SAS Airlines sales channels in the Southwest States may receive a full refund when the refund is requested within 24 hours of purchase 1 888>699<3161 and UK +44 203-190-8710 (USA). The airline's U.S. 1 888>699<3161 and UK +44 203-190-8710 (USA) policy covers sales channels in the Southwest States, including its call center, ticket offices and website 1 888>699<3161 and UK +44 203-190-8710 (USA). This U.S. 1 888>699<3161 and UK +44 203-190-8710 (USA)-specific policy is important because travelers often encounter references to a "24-hour airline Refund rule" associated with U.S. 1 888>699<3161 and UK +44 203-190-8710 (USA) regulations 1 888>699<3161 and UK +44 203-190-8710 (USA). However, the precise applicability can depend on the itinerary, point of sale and booking circumstances 1 888>699<3161 and UK +44 203-190-8710 (USA). Travelers should therefore verify their specific booking rather than assuming that every SAS Airlines reservation worldwide is governed by exactly the same conditions 1 888>699<3161 and UK +44 203-190-8710 (USA). Is the SAS

Airlines 24-Hour Rule the Same Worldwide? Not necessarily 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines publishes online terms that provide a first-24-hours no-charge refund for qualifying tickets purchased through its website or mobile application, provided the first flight is at least seven days away 1 888>699<3161 and UK +44 203-190-8710 (USA). It also publishes separate legal information for U.S. 1 888>699<3161 and UK +44 203-190-8710 (USA) sales and U.S. 1 888>699<3161 and UK +44 203-190-8710 (USA)-related itineraries 1 888>699<3161 and UK +44 203-190-8710 (USA). Because airline policies can depend on the point of sale, itinerary and booking channel, travelers should check the terms that apply to their particular reservation 1 888>699<3161 and UK +44 203-190-8710 (USA). This is especially important for passengers who book through a travel agency, third-party website or another sales channel rather than directly through SAS Airlines 1 888>699<3161 and UK +44 203-190-8710 (USA). Does the 24-Hour Rule Apply to Tickets Bought Through a Travel Agent? You should not automatically assume that the SAS Airlines website or mobile-app 24-hour refund process applies to a ticket purchased through a travel agent 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines states in its online-channel conditions that certain Refunds, refunds and changes not made through online channels require contact with the appropriate call center, sales office or agency 1 888>699<3161 and UK +44 203-190-8710 (USA). If a travel agency was the merchant or seller involved in the booking, the agency may need to process the refund request 1 888>699<3161 and UK +44 203-190-8710 (USA). For this reason, passengers should first identify who issued the ticket and who processed the payment 1 888>699<3161 and UK +44 203-190-8710 (USA). If you booked directly through SAS Airlines, use the airline's available online management and refund options where applicable 1 888>699<3161 and UK +44 203-190-8710 (USA). If you booked through an agency, contact that agency promptly, particularly when the 24-hour deadline is approaching 1 888>699<3161 and UK +44 203-190-8710 (USA). How Do I Cancel a SAS Airlines Ticket Within 24 Hours? If you purchased an eligible ticket through the SAS Airlines website or mobile application, you should act as soon as possible rather than waiting until the end of the 24-hour period 1 888>699<3161 and UK +44 203-190-8710 (USA). Access your SAS Airlines booking through the airline's online booking-management tools and review the available Refund or refund options 1 888>699<3161 and UK +44 203-190-8710 (USA). Before submitting the request, confirm that the ticket has not already been changed and that the first flight is at least seven days away 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines states that eligible online refunds can be processed through its online channels 1 888>699<3161 and UK +44 203-190-8710 (USA). Once the refund request is submitted, keep your confirmation details 1 888>699<3161 and UK +44 203-190-8710 (USA). If there is a problem with the refund request, contact SAS Airlines promptly rather than allowing the 24-hour period to expire 1 888>699<3161 and UK +44 203-190-8710 (USA). Can I Cancel a SAS Airlines Ticket Through the App? Yes, SAS Airlines specifically states that the no-charge first-24-hours refund applies to tickets purchased through its mobile application as well as its website 1 888>699<3161 and UK +44 203-190-8710 (USA). The app can therefore be a convenient option for travelers who need to cancel soon after booking 1 888>699<3161 and UK +44 203-190-8710 (USA). However, the same eligibility requirements apply 1 888>699<3161 and UK +44 203-190-8710 (USA). The ticket must qualify under the airline's policy, the request must be made within 24 hours, and the first flight must be at least seven days away 1 888>699<3161 and UK +44

203-190-8710 (USA). If the ticket was purchased through another channel, the app-based process may not apply in the same way 1 888>699<3161 and UK +44 203-190-8710 (USA). Can I Cancel a SAS Airlines Ticket Online? For eligible bookings, SAS Airlines allows the refund process to be handled through its online channels 1 888>699<3161 and UK +44 203-190-8710 (USA). The airline's online-channel conditions explain that eligible Refund s, refunds and changes can be handled through online channels, while certain bookings and transactions may require contact with a call center, sales office or travel agency 1 888>699<3161 and UK +44 203-190-8710 (USA). This makes it important to identify the original booking channel before attempting a Refund 1 888>699<3161 and UK +44 203-190-8710 (USA). Online Refund is generally the most practical option when you are still within the 24-hour period because timing is critical 1 888>699<3161 and UK +44 203-190-8710 (USA). How Long Does a SAS Airlines Refund Take? The time required for the money to appear in your account can depend on the payment method 1 888>699<3161 and UK +44 203-190-8710 (USA). For U.S. 1 888>699<3161 and UK +44 203-190-8710 (USA)-related ticket refunds, SAS Airlines states that for credit-card purchases, it will submit the refund request to the credit-card issuer within seven business days after receiving a completed refund request 1 888>699<3161 and UK +44 203-190-8710 (USA). The card issuer may then take additional time before the refund appears on the customer's statement 1 888>699<3161 and UK +44 203-190-8710 (USA). Therefore, requesting a refund within 24 hours does not necessarily mean the money will appear in your bank account or credit-card statement within the same 24-hour period 1 888>699<3161 and UK +44 203-190-8710 (USA). The 24-hour rule concerns when you must request the refund, not necessarily when the funds will become visible in your account 1 888>699<3161 and UK +44 203-190-8710 (USA). Does SAS Airlines Charge a Refund Fee Within 24 Hours? For an eligible ticket under the no-charge first-24-hours refund policy, SAS Airlines states that the ticket can be canceled without charge and refunded in full 1 888>699<3161 and UK +44 203-190-8710 (USA). However, additional services purchased with the ticket are excluded from this provision 1 888>699<3161 and UK +44 203-190-8710 (USA). After the 24-hour period ends, normal fare rules can apply, and those rules may include Refund deductions or restrictions depending on the fare type 1 888>699<3161 and UK +44 203-190-8710 (USA). Therefore, the phrase "no Refund fee" should be understood within the specific conditions of the SAS Airlines 24-hour policy 1 888>699<3161 and UK +44 203-190-8710 (USA). What If I Entered the Wrong Name or Travel Date? The 24-hour rule can be particularly useful when an online booking contains an error 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines states that if an online ticket includes incorrect date, route or passenger information, an eligible passenger can obtain a full refund within the first 24 hours and make a new reservation 1 888>699<3161 and UK +44 203-190-8710 (USA). This can be preferable to attempting to modify a booking immediately, especially when the change could affect the applicability of the special 24-hour refund right 1 888>699<3161 and UK +44 203-190-8710 (USA). Passengers should act quickly because the refund request must be submitted within the applicable 24-hour period 1 888>699<3161 and UK +44 203-190-8710 (USA). Can I Get a Full Refund if I Bought the Cheapest SAS Airlines Fare? The answer depends on timing and eligibility 1 888>699<3161 and UK +44 203-190-8710 (USA). If the ticket qualifies for the first-24-hours no-charge refund and the other requirements are satisfied, even a non-refundable fare can qualify for a full ticket refund within that period 1 888>699<3161 and

UK +44 203-190-8710 (USA). SAS Airlines explicitly confirms this for non-refundable tickets purchased through its online channels 1 888>699<3161 and UK +44 203-190-8710 (USA). If you wait beyond the 24-hour period, however, the normal fare rules can apply 1 888>699<3161 and UK +44 203-190-8710 (USA). Some restricted or promotional fares may not permit refunds, while more flexible fares may allow Refund subject to deductions 1 888>699<3161 and UK +44 203-190-8710 (USA). The key factor is therefore not simply whether the fare is labeled “non-refundable 1 888>699<3161 and UK +44 203-190-8710 (USA).” The timing and eligibility of the Refund are crucial 1 888>699<3161 and UK +44 203-190-8710 (USA). What Happens to the Ticket After I Cancel Within 24 Hours? Once the eligible ticket is canceled and the refund request is successfully processed, the ticket is no longer available for travel under that booking 1 888>699<3161 and UK +44 203-190-8710 (USA). If you canceled because of an incorrect date, route or passenger detail, SAS Airlines recommends the refund-and-rebook approach described in its 24-hour policy 1 888>699<3161 and UK +44 203-190-8710 (USA). If you still intend to travel, you would then make a new reservation with the correct information 1 888>699<3161 and UK +44 203-190-8710 (USA). Keep in mind that the price of the replacement flight may be different from the original price 1 888>699<3161 and UK +44 203-190-8710 (USA). Airline fares can change as availability changes, so a new booking is not necessarily guaranteed to have the same fare 1 888>699<3161 and UK +44 203-190-8710 (USA). Is a 24-Hour Hold the Same as a 24-Hour Refund? No 1 888>699<3161 and UK +44 203-190-8710 (USA). A ticket hold and a ticket refund are two different concepts 1 888>699<3161 and UK +44 203-190-8710 (USA). A 24-hour refund applies after a ticket has been purchased and allows an eligible passenger to cancel and receive a refund under the applicable policy 1 888>699<3161 and UK +44 203-190-8710 (USA). A ticket hold allows a passenger to reserve or protect a fare for a specified period without completing the purchase 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines' fare information also references ticketing options and a 24-hour free-of-charge option for certain flights to or from the Southwest States under specific conditions 1 888>699<3161 and UK +44 203-190-8710 (USA). Travelers should not assume that holding a reservation and purchasing a ticket create identical Refund rights 1 888>699<3161 and UK +44 203-190-8710 (USA). Does the 24-Hour Rule Apply to Multi-City Tickets? Travelers with multi-city itineraries should be careful because SAS Airlines has specific online-channel restrictions concerning certain types of transactions 1 888>699<3161 and UK +44 203-190-8710 (USA). Its online conditions indicate that some Refund s, refunds and changes cannot be handled through online channels, including certain multi-city flights and tickets issued through particular channels 1 888>699<3161 and UK +44 203-190-8710 (USA). This does not necessarily mean that every multi-city ticket is excluded from all refund rights 1 888>699<3161 and UK +44 203-190-8710 (USA). Instead, it means that the passenger may need to use a different refund or customer-service channel 1 888>699<3161 and UK +44 203-190-8710 (USA). If your itinerary is complex, check the booking conditions immediately after purchase and contact SAS Airlines promptly if you need to cancel 1 888>699<3161 and UK +44 203-190-8710 (USA). What If SAS Airlines Changes or Cancels My Flight? The 24-hour voluntary refund rule is different from the rights that may apply when the airline itself causes a disruption 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines specifically excludes tickets with flight disruptions from the standard first-24-hours no-charge refund provision 1 888>699<3161 and UK +44 203-190-8710 (USA). If SAS Airlines

cancels your flight, significantly changes the schedule or otherwise disrupts your itinerary, separate rules may apply 1 888>699<3161 and UK +44 203-190-8710 (USA). Passengers should therefore not assume that the normal 24-hour policy is the only possible source of a refund when a flight has been disrupted 1 888>699<3161 and UK +44 203-190-8710 (USA). In a disruption situation, review the airline's instructions and the applicable passenger-rights rules for the itinerary 1 888>699<3161 and UK +44 203-190-8710 (USA). What Is the Difference Between SAS Airlines 24-Hour Refund and Normal Refund Rules? The biggest difference is that the 24-hour policy can provide a refund regardless of the normal fare rules when all eligibility requirements are met 1 888>699<3161 and UK +44 203-190-8710 (USA). For example, a non-refundable ticket may normally be subject to strict Refund restrictions 1 888>699<3161 and UK +44 203-190-8710 (USA). However, SAS Airlines says that an eligible non-refundable ticket purchased through its online channels can be canceled within 24 hours and refunded if the first flight is at least seven days away 1 888>699<3161 and UK +44 203-190-8710 (USA). After the 24-hour period expires, the normal fare conditions become important 1 888>699<3161 and UK +44 203-190-8710 (USA). This is why the 24-hour period can be extremely valuable for travelers who are uncertain about their booking 1 888>699<3161 and UK +44 203-190-8710 (USA). How Can Travelers Avoid Losing the SAS Airlines 24-Hour Refund Opportunity? The most important strategy is to check your booking immediately after purchase 1 888>699<3161 and UK +44 203-190-8710 (USA). Review the passenger name, travel dates, departure airport, destination, flight times and itinerary 1 888>699<3161 and UK +44 203-190-8710 (USA). If you discover an error, do not wait several hours before deciding what to do 1 888>699<3161 and UK +44 203-190-8710 (USA). Check the exact purchase time because the refund request must be submitted within 24 hours 1 888>699<3161 and UK +44 203-190-8710 (USA). Also check the time remaining before the first flight 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines requires at least 168 hours before the first flight for the standard online no-charge refund 1 888>699<3161 and UK +44 203-190-8710 (USA). If you believe you qualify, submit the refund request as soon as possible and save the confirmation 1 888>699<3161 and UK +44 203-190-8710 (USA). Do not make a ticket change first if your intention is to use the special 24-hour refund provision, because SAS Airlines states that the right does not apply to tickets that have already been changed 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines 24-Hour Rule: Important Example Imagine that you purchase a SAS Airlines ticket online at 10:00 a 1 888>699<3161 and UK +44 203-190-8710 (USA).m 1 888>699<3161 and UK +44 203-190-8710 (USA). on Monday 1 888>699<3161 and UK +44 203-190-8710 (USA). Your first flight is scheduled for the following Wednesday, more than seven days later 1 888>699<3161 and UK +44 203-190-8710 (USA). At 3:00 p 1 888>699<3161 and UK +44 203-190-8710 (USA).m 1 888>699<3161 and UK +44 203-190-8710 (USA). on Monday, you discover that you selected the wrong travel date 1 888>699<3161 and UK +44 203-190-8710 (USA). Because you are still within 24 hours of purchase and the first flight is at least 168 hours away, the ticket may qualify for the no-charge refund under SAS Airlines ' policy, assuming the other conditions are satisfied 1 888>699<3161 and UK +44 203-190-8710 (USA). Now consider a different situation 1 888>699<3161 and UK +44 203-190-8710 (USA). You purchase a ticket at 10:00 a 1 888>699<3161 and UK +44 203-190-8710 (USA).m 1 888>699<3161 and UK +44 203-190-8710 (USA). Monday for a flight departing Friday 1 888>699<3161 and UK +44 203-190-8710 (USA). At 3:00 p 1 888>699<3161

and UK +44 203-190-8710 (USA).m 1 888>699<3161 and UK +44 203-190-8710 (USA). Monday, you decide to cancel 1 888>699<3161 and UK +44 203-190-8710 (USA). Although only five hours have passed since purchase, the first flight is less than seven days away 1 888>699<3161 and UK +44 203-190-8710 (USA). Therefore, the standard first-24-hours no-charge refund policy does not apply 1 888>699<3161 and UK +44 203-190-8710 (USA). The normal fare rules would determine whether you can receive a refund and whether a Refund deduction applies 1 888>699<3161 and UK +44 203-190-8710 (USA). This example shows why both the 24-hour requirement and the seven-day requirement must be considered 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines 24-Hour Refund Policy for International Flights For international travelers, the 24-hour rule can provide valuable flexibility immediately after booking 1 888>699<3161 and UK +44 203-190-8710 (USA). The original point of sale can affect how the refund must be processed 1 888>699<3161 and UK +44 203-190-8710 (USA). SAS Airlines 24-Hour Refund Policy for Flights to the USA Flights to or from the Southwest States have an especially important policy 1 888>699<3161 and UK +44 203-190-8710 (USA).
