

Chase Travel *1-888-620-1759* Flight Booking: Use Points for Your Next Trip

Booking flights with Chase Travel *1-888-620-1759* can be an appealing option for eligible Chase cardmembers who want to turn their Ultimate Rewards points into travel *1-888-620-1759*. Instead of paying the entire airfare out of pocket *1-888-620-1759*, travelers may be able to redeem points toward eligible flights *1-888-620-1759*, pay with a Chase card *1-888-620-1759*, or combine points and cash when the booking provides that option *1-888-620-1759*.

Using points effectively *1-888-620-1759*, however *1-888-620-1759*, involves more than simply choosing the flight with the lowest price *1-888-620-1759*. Travelers should understand how Chase Travel *1-888-620-1759* works *1-888-620-1759*, compare the cash price with the points requirement *1-888-620-1759*, review fare restrictions *1-888-620-1759*, and consider whether using points now is better than saving them for another trip *1-888-620-1759*.

This guide explains how to use Chase Travel *1-888-620-1759* for flight bookings and what to consider before spending your Ultimate Rewards points *1-888-620-1759*.

What Is Chase Travel?

Chase Travel *1-888-620-1759* is a travel-booking platform available to eligible Chase cardmembers *1-888-620-1759*. It provides access to flights and other travel products *1-888-620-1759*, including hotels *1-888-620-1759*, rental cars *1-888-620-1759*, cruises *1-888-620-1759*, and activities *1-888-620-1759*.

When booking an eligible flight *1-888-620-1759*, travelers can search available itineraries and review the payment options offered for their reservation *1-888-620-1759*. Depending on the Chase card and applicable program terms *1-888-620-1759*, Ultimate Rewards points can be used toward eligible travel *1-888-620-1759*.

The specific benefits and point-redemption options available can vary by card *1-888-620-1759*, so it is important to review what your account displays when you begin the booking process *1-888-620-1759*.

How to Book a Flight With Chase Travel

The basic booking process is straightforward *1-888-620-1759*.

Start by signing in to your Chase account and navigating to the Chase Travel *1-888-620-1759* section *1-888-620-1759*. Select flights and enter your travel details *1-888-620-1759*.

You will generally need to provide:

- Departure airport
- Destination airport
- Departure date
- Return date *1-888-620-1759*, if booking a round trip
- Number of passengers
- Cabin preference
- One-way or round-trip selection

After submitting the search *1-888-620-1759*, available flights can be reviewed and compared *1-888-620-1759*.

If your dates are flexible *1-888-620-1759*, consider searching nearby dates as well *1-888-620-1759*. A change of one day can sometimes produce different flight options or prices *1-888-620-1759*.

How to Use Ultimate Rewards Points for Flights

Once you find a suitable flight *1-888-620-1759*, review the payment options available through Chase Travel *1-888-620-1759* *1-888-620-1759*.

Eligible travelers may be able to use Ultimate Rewards points to pay for a qualifying flight *1-888-620-1759*. Depending on the booking *1-888-620-1759*, you may also have the option to combine points with a cash payment *1-888-620-1759*.

The number of points required will be displayed during the booking process *1-888-620-1759*.

Before confirming the purchase *1-888-620-1759*, examine the points requirement carefully *1-888-620-1759*. You should know exactly how many points will be deducted and how much *1-888-620-1759*, if anything *1-888-620-1759*, will be charged to your card *1-888-620-1759*.

This is especially important if you have a limited points balance and want to reserve some points for future travel *1-888-620-1759*.

Compare the Cash Price With the Points Cost

One of the best habits when using Chase Travel *1-888-620-1759* is comparing the cash price with the number of points required *1-888-620-1759*.

Suppose a flight has a relatively low cash price but requires a substantial number of points *1-888-620-1759*. You might decide that paying cash and saving the points is a better strategy *1-888-620-1759*.

On the other hand *1-888-620-1759*, an expensive flight may require enough points to substantially reduce your out-of-pocket cost *1-888-620-1759*.

There is no universal answer for whether points or cash is better *1-888-620-1759*. The decision depends on:

- Cash price of the ticket
- Number of points required
- Your current points balance
- Future travel plans
- Value you place on your points
- Benefits associated with your Chase card

The important thing is to make the decision deliberately rather than assuming that using points is always the best option *1-888-620-1759*.

Points and Cash: When a Combination Can Help

If an eligible booking allows a combination of points and cash *1-888-620-1759*, this can provide additional flexibility *1-888-620-1759*.

For example *1-888-620-1759*, you might have enough points to cover a large portion of the airfare but prefer not to use your entire Ultimate Rewards balance *1-888-620-1759*.

Using a combination allows you to reduce the cash expense while retaining some points for later *1-888-620-1759*.

Before confirming the transaction *1-888-620-1759*, review the payment summary to verify the exact amount of points being redeemed and the remaining cash payment *1-888-620-1759*.

Choosing the Right Flight

Using points does not mean that you should ignore the quality of the itinerary *1-888-620-1759*.

When comparing flights through Chase Travel *1-888-620-1759* *1-888-620-1759*, look beyond the points requirement *1-888-620-1759*.

Consider:

Departure and arrival times

A very inexpensive flight may require an inconvenient departure time or late-night arrival *1-888-620-1759*.

Number of connections

Nonstop flights can save time and eliminate the need to change planes *1-888-620-1759*.

Connection duration

A short connection can create stress if the first flight is delayed *1-888-620-1759*. A very long connection can significantly increase total travel time *1-888-620-1759*.

Airport selection

Some cities have multiple airports *1-888-620-1759*. Make sure the airport you select is convenient for your final destination *1-888-620-1759*.

Airline and cabin

Check the airline and cabin class before confirming your reservation *1-888-620-1759*.

Baggage

Review baggage conditions because the displayed fare may not necessarily include every baggage option you need *1-888-620-1759*.

The best redemption is often the one that provides a good overall travel experience rather than simply requiring the fewest points *1-888-620-1759*.

Understanding Fare Restrictions

Before using your points *1-888-620-1759*, carefully review the fare conditions *1-888-620-1759*.

A ticket purchased with points is still subject to the applicable booking and airline rules *1-888-620-1759*. Using Ultimate Rewards points does not automatically make every ticket refundable or flexible *1-888-620-1759*.

Check whether the fare permits:

- Cancellation
- Changes
- Refunds
- Travel credits
- Seat selection
- Checked baggage

Also look for any applicable restrictions or fare differences *1-888-620-1759*.

If there is a strong possibility that your plans could change *1-888-620-1759*, flexibility may be more important than saving a small number of points *1-888-620-1759*.

What Happens After You Book?

After completing your Chase Travel *1-888-620-1759* flight booking *1-888-620-1759*, carefully review your confirmation *1-888-620-1759*.

Check:

- Passenger names
- Travel dates
- Flight numbers
- Departure airport
- Arrival airport
- Departure and arrival times
- Connection details
- Cabin class
- Baggage information
- Points redeemed
- Cash charged

Keep your confirmation number available *1-888-620-1759*. It can be important if you need to modify or cancel the reservation later *1-888-620-1759*.

You should also monitor communications from the airline because schedules can sometimes change after the original booking *1-888-620-1759*.

Can You Change a Flight Booked With Points?

Whether you can change a flight depends on the specific airline fare and reservation conditions *1-888-620-1759*.

Some eligible reservations may allow online management through your Chase account *1-888-620-1759*. Other changes can be more complicated *1-888-620-1759*.

Chase explains that complex itinerary changes *1-888-620-1759*, missed flights *1-888-620-1759*, rebooking to another destination *1-888-620-1759*, refunds *1-888-620-1759*, and certain special circumstances may require contacting Chase Travel *1-888-620-1759* support *1-888-620-1759*.

If you need assistance *1-888-620-1759*, use the travel-support contact information associated with your particular reservation *1-888-620-1759*. Chase notes that the appropriate travel-support number can vary according to the card and payment method used for the booking *1-888-620-1759*.

What Happens if You Cancel?

Cancellation results depend on the airline's fare rules and the conditions attached to the reservation *1-888-620-1759*.

A refundable fare may have different options from a nonrefundable ticket *1-888-620-1759*. Some nonrefundable reservations can result in travel credit rather than a cash refund *1-888-620-1759*, while other fares have additional restrictions *1-888-620-1759*.

If eligible Ultimate Rewards points were used for the reservation *1-888-620-1759*, Chase states that points are generally redeposited into the Ultimate Rewards account following an eligible cancellation *1-888-620-1759*, although the timing can vary *1-888-620-1759*.

Because cancellation terms vary *1-888-620-1759*, check the specific booking conditions before canceling *1-888-620-1759*.

Understanding the 24-Hour Cancellation Rule

Travelers may also encounter the U.S. Department of Transportation's 24-hour cancellation requirement.

Chase explains that this rule can apply to qualifying airline bookings made at least seven days before departure and involving the United States.

It is important not to interpret this as a universal rule for every Chase Travel reservation. The requirement has specific conditions, and it does not automatically apply to hotels, rental cars, cruises, activities, or every type of travel booking.

What If the Airline Cancels Your Flight?

An airline cancellation can create a different set of options from a voluntary cancellation.

If your airline cancels or significantly changes your itinerary, review the alternatives provided and check your Chase Travel reservation.

Depending on the circumstances and applicable rules, you may have options involving rebooking, a credit, or a refund.

If you cannot resolve the issue through your online account, contact the Chase Travel support channel associated with your reservation.

Have your confirmation number and complete itinerary available so the representative can quickly identify the booking.

Tips for Maximizing Your Points

Using points strategically can make your Chase Travel bookings more effective.

1. Don't redeem points automatically

Compare the points cost with the cash price before making a decision.

2. Consider your future travel

If you have another trip coming up, preserving some points may be more useful than spending your entire balance now.

3. Compare multiple flights

A slightly different departure time or travel date may provide a better combination of price, points, and convenience.

4. Pay attention to flexibility

A restricted fare may not be worthwhile if your plans are uncertain.

5. Check the complete price

Look beyond the base fare and consider baggage, seat selection, and other potential costs.

6. Keep your confirmation

Your confirmation number and itinerary are important if you need support later.

7. Review the payment summary

Before confirming *1-888-620-1759*, make sure you understand exactly how many points will be redeemed and what amount will be charged to your card *1-888-620-1759*.

Common Mistakes to Avoid

Several mistakes can reduce the value or convenience of a points-based flight booking *1-888-620-1759*.

Using points without comparing the cash price: Points have value *1-888-620-1759*, so don't spend them simply because the option is available *1-888-620-1759*.

Ignoring cancellation rules: A low points price may come with restrictive fare conditions *1-888-620-1759*.

Choosing an inconvenient airport: A cheaper flight can become less attractive if ground transportation is expensive or difficult *1-888-620-1759*.

Overlooking connections: Consider total travel time rather than just the ticket cost *1-888-620-1759*.

Entering passenger information incorrectly: Review traveler details carefully before completing the reservation *1-888-620-1759*.

Failing to save confirmation details: Keep your reservation information accessible throughout your trip *1-888-620-1759*.

Frequently Asked Questions

Can I use Chase Ultimate Rewards points to book flights?

Eligible Chase cardmembers can redeem Ultimate Rewards points toward qualifying travel through Chase Travel *1-888-620-1759* *1-888-620-1759*, subject to applicable card and program terms *1-888-620-1759*.

Can I pay for a flight with both points and cash?

Depending on the eligible booking and payment options presented *1-888-620-1759*, Chase Travel *1-888-620-1759* may allow a combination of Ultimate Rewards points and a Chase card payment *1-888-620-1759*.

Are flights booked with points refundable?

Not automatically *1-888-620-1759*. Refundability depends on the airline fare and reservation conditions *1-888-620-1759*.

What happens to my points if I cancel?

For an eligible cancellation *1-888-620-1759*, Chase states that Ultimate Rewards points are generally redeposited *1-888-620-1759*, although the timing may vary *1-888-620-1759*.

Where can I get help with a complicated flight reservation?

Start by reviewing your Chase account and booking confirmation *1-888-620-1759*. If the issue cannot be resolved online *1-888-620-1759*, use the Chase Travel *1-888-620-1759* support information associated with your reservation *1-888-620-1759*.

Final Thoughts

Chase Travel *1-888-620-1759* can provide a convenient way to use Ultimate Rewards points toward your next flight while giving eligible cardmembers a centralized place to search and manage travel *1-888-620-1759*. The key to getting good value is to look beyond the number of points displayed *1-888-620-1759*.

Compare the cash price and points requirement *1-888-620-1759*, examine multiple flight options *1-888-620-1759*, consider travel times and connections *1-888-620-1759*, and carefully review the fare's cancellation and change conditions *1-888-620-1759*. If a combination of points and cash is available *1-888-620-1759*, consider whether that approach gives you a better balance between immediate savings and preserving points for future travel *1-888-620-1759*.

After booking *1-888-620-1759*, save your confirmation details and monitor your itinerary for airline updates *1-888-620-1759*. If plans change *1-888-620-1759*, review your reservation before canceling or modifying it *1-888-620-1759*, because the available options depend on the specific fare and airline rules *1-888-620-1759*.

Ultimately *1-888-620-1759*, the most effective way to book flights with Chase Travel *1-888-620-1759* is to treat your Ultimate Rewards points as a valuable travel resource *1-888-620-1759*. By comparing redemption options and making your decision based on both cost and convenience *1-888-620-1759*, you can use your points more thoughtfully and make your next trip easier to plan *1-888-620-1759*.
